Court and Johnson Sts.

Commander is Acquitted.  
PORTLAND, Eng., Nov. 12.—A court martial acquitted Admiral Troubridge who commanded the Anglo-French war fleet of Messina at the time the German cruisers Goeben and

Breslau escaped from the island port and, dodging the allies vessels, succeeded in getting safely into Turkish waters. The admiralty accused negligence in permitting the escape.

## Newsy Notes of Pendleton

### Auto Agent Here.

D. V. Wood of the firm of Wood and Lane, distributors of the Auburn automobile for Washington, eastern Oregon and Idaho, was here yesterday on his way to Boise and other points east of here.

### Gets New Buicks.

Yesterday afternoon there was a procession of new Buicks up Main street, the Oregon Motor Co. having received a shipment of six of the latest model cars.

### Local Applicants for Land.

Among the many applicants at the La Grande land office this week were several Umatilla county residents. Among those applying for homestead entry were Domingos Homen De Costa of Nye, William J. Brown of Pilot Rock and Walter S. Casteel of Ukiah. Applications for isolated tracts were made by Carrie L. Byrd of Pilot Rock and William P. Folsom of this city. William A. Lay of McKay is seeking to file upon Umatilla Indian lands.

### Child of Mayor Kicked by Horse.

The little 20 months old son of Acting Mayor and Mrs. John Dyer had a narrow escape from serious injury Tuesday when it was kicked by a horse. The little fellow had crawled into the corral through a hole in the fence and was playing about the horse's heels when discovered by Mrs. John Baker. Before she could rescue him, though, the horse kicked, striking the little fellow on the fleshy part of his thigh. Aside from a few bruises, a mouthful of dirt and a bad fright, the child escaped without harm.

### High School Hopes to Win.

This evening on No. 18 the Pendleton high school football squad, composed of Boylen, Seibert, Ulrich, Badley, Wilbur, Friedley, Russell, Kerrick, Brock, Mimms, Callison, Fowler, Vaughan, P. Russell, and Bean, will leave for Baker City to engage in the first game for the Eastern Oregon championship. They will be accompanied by Coach Livingston, and a local man to act as referee. The boys are hopeful, and are determined to put up a stiff fight against their old time rivals.

### Octogenarian Horse Breaker Dies.

Jonathan W. Stout, octogenarian, pioneer horse breaker, died at St. Elizabeth's hospital at 10:20 o'clock last night as the result of an accident sustained six weeks ago while breaking horses at the Moody ranch at North Powder, says the Baker Herald. The horse tramped on Mt. Stout's foot and gangrene resulted, causing death.

Mr. Stout was a month past 80 years of age. He lived in Baker county for the last 20 years, continuously engaged as a breaker of wild horses. He is survived by three sons, Charles of North Powder, Lance of Unity and Joseph of Mt. Vernon.

The body will be sent to North Powder tonight for interment there tomorrow.

### Makes Good Defense.

That Jess Edmiston, the Pendleton barber accused of murder in Spokane made a good defense at his trial which terminates today is the statement of local men who have returned after testifying there yesterday to the character of the defendant. They expect that the verdict, if not one of acquittal, will not be a severe one. On the early morning of September 13, Edmiston stabbed a man rooming in the same house with him and the man died two hours later of his wounds. Edmiston claims the man was a bully and that he stabbed him only in self-defense. Considerable testimony was introduced to show that the man was of a quarrelsome nature and had a police court record. Edmiston claims he stopped in the man's room to borrow an alarm clock and that the man forced him to drink the contents of a bottle of whiskey, and then knocked him down for drinking it. Later, he claims, the man entered his room and started to choke him, at the same time making threats that

he would "finish" him. It was then, he said, that he drew his pocket knife and stabbed his assailant. The witnesses who returned this morning are Chief of Police John Kearney, Attorney Will M. Peterson and Kyle Long.

### Gets Position in Wallace.

Lester Barr, who has been acting as ticket agent for the O.-W. R. & N. during the absence of his brother, Claude Barr, the regular agent, will leave tonight for Wallace, Idaho, to accept a permanent position as ticket agent. Claude Barr arrived home from the east yesterday and has resumed his work.

### Jerard is Stunter Again.

Bert Jerard of this city will again be one of the leading members of the University of Oregon Glee Club this year and will be one of the "stunters" also. For the past three years young Jerard has been pianist, a member of the tenor section and one of the leading fun makers of the college club. The Glee club will be in Pendleton on the night of December 29.

### Automobiles Collide.

Yesterday afternoon the automobiles of Sam R. Thompson and W. E. Brock collided on east Court street and the Thompson car was pretty badly damaged. The Thompsons were just leaving for Walla Walla when the two machines came together. The Brock car struck the other one, and the latter sustained a bent axle, smashed fender and split running board. Mr. Thompson left it in the hands of the machinists while he continued on to Walla Walla in another auto.

### Complain of Low Temperature.

While the dismissal of the janitor of the city hall and the placing of his work upon the paid firemen may be proving an economical arrangement, the inmates of the city hall are not at all satisfied with the change of policy. They complain that the temperature gets so low at times that the cold is very disagreeable and again rises so high that the rooms get over heated. The ladies of the library force particularly object to the manner of keeping fires, one of them now suffering from a very severe cold. The firemen claim they have difficulty in keeping an even heat owing to their other duties.

### Renews Petition to Remove Pavilion.

Elmer Searcy, who runs a rooming house on the corner of Cottonwood and Railroad streets and who petitioned the council some time ago to have that portion of the fair pavilion that occupies the street to be removed, last evening, through his attorney, S. A. Lowell, again requested the council to take immediate action. The pavilion was originally extended across the street on a 40 day permit. The matter was again referred to the street committee. If that portion of the pavilion is removed, it will be a serious blow to "Happy Canyon," inasmuch as the space was too small last year.

### Sheriff Takes "Bad Man" Back.

On No. 17 today Sheriff J. J. McDonald of Fairfield, Calif., left with W. J. Gilmore alias many other names, wanted there on a charge of robbing a post office and killing a nightwatchman. This is one of the men recently arrested near Echo by Deputy Sheriff Joe Blakely and Roy Ward for robbing a store at Echo. Sheriff Taylor identified him as the man wanted in California and the California officer substantiated the identification today. He is taking no chances with the man while enroute back, having handcuffed him and placed one foot in an Oregon boot.

### DR. BEST MAY BE REMOVED FROM LOCAL WATER BOARD

It seems very probable that one result of the recent election will be the removal from the city water commission of Dr. J. A. Best, one of the elected commissioners. One of the amendments adopted by the people at the election was that one requiring that all voters must be citizens and this amendment, according to the opinion of local attorneys, affects Dr. Best's eligibility to office.

Dr. Best is not a citizen of the United States, having never completed taking out his naturalization papers. At the time that Will Moore and Marion Jack were ousted from the commission through proceedings instituted by Judge Lowell, Dr. Best's eligibility was also questioned but the court held that, inasmuch as he was entitled to vote, he was entitled to hold office.

Now, however, he is not entitled to vote and the question therefore arises as to whether or not he can continue in office. Messrs. Moore and Jack called the attention of Judge Lowell to the matter Monday and asked him whether or not he would institute proceedings. Judge Lowell stated this afternoon that if he decided after an investigation, that the new amendment did affect Dr. Best's qualifications, he would ask the council to take action and that, if the council did not do it, he would probably initiate proceedings. However, he stated that he had consulted with Dr. Best and advised him to get an opinion from his own attorneys, J. H. Raley and Judge Fee, and that if they advised him that the amendment was applicable to the case, suggested that he resign gracefully. This Dr. Best promised to do, Judge Lowell stated.

The whole question hinges on whether or not the amendment is retroactive, according to Judge Lowell.
